RIMOR

World sweet home

Welcome. Wherever you are.

With Rimor, anywhere can feel like home. For nearly 50 years, we've been designing and building motorhomes and camper vans inspired by the most familiar feeling of all: the authentic comfort of the place you love the most. Designed and made entirely in Italy, our vehicles combine smart functionality, generous space, and everyday comfort, so you can feel at ease wherever your journey takes you.

Whether you prefer the sea or the mountains, city breaks or off-grid adventures, Rimor lets you rediscover the freedom of travel and the joy of always feeling in the right place.

Your compass.

A comprehensive guide to finding the Rimor that's right for you.

How can you find the vehicle that best matches your vision of outdoor living and turn it into reality? This guide is here to help. Explore the latest features and compare key specs at a glance—such as number of berths, belted seats, vehicle length, and engine options—to find the Rimor model that suits you best.

The experience that guides you.

Comfort and functionality, across every model.

Different ranges, different layouts, but the same core values: reliability, functionality and smart design. Backed by decades of expertise, every Rimor vehicle is built using proven construction techniques and carefully selected solutions to deliver maximum comfort, always with the touch of Italian craftsmanship.

STANDARD ENERGY TECHNOLOGY

- MEB-300 Smart Energy System
- Remote control from an app
- Optimized battery charging
- Solar panels installed
- Multi-source management: AC grid / Solar / Alternator
- Smart nodes with power up to 350W / 60A

NIGHT-TIME COMFORT AND PRIVACY

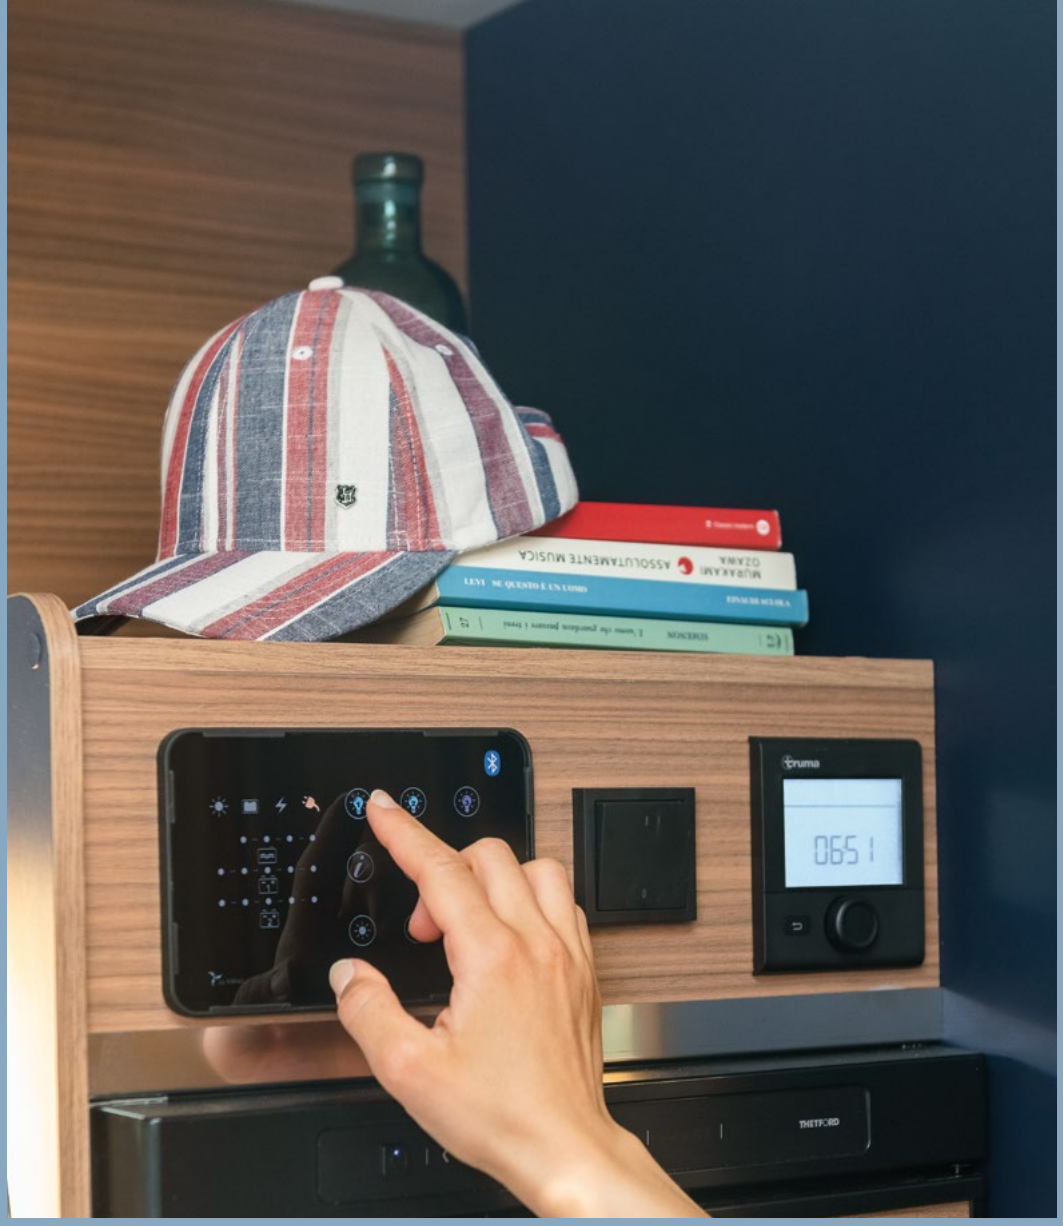

- Front and side driver's cabin blinds as standard
- Hypo-allergenic mattresses with removable covers
- LED interior lighting

KITCHEN AND DESIGN

- New compressor refrigerator
- New XL entry door on select models
- 2–3 burner hob with electric ignition
- Slow-close cabinet hinges
- Incorporated removable kitchen bin
- Ergonomic pull garage handles

DRIVING AND SAFETY

- Adjustable car headrests
- Standard ISOFIX compatibility
- New, easily accessible battery compartments, designed to hold up to 2 small batteries or 1 large one.

MEB-300.
The new Rimor era.

Smart motorhomes and vans with the MEB-300 Smart Energy System.

Rimor vehicles are now smarter than ever. Every model comes equipped with the MEB-300 Smart Energy System: an energy management, control, and charging system that sets a new standard in energy efficiency, safety and convenience at your fingertips.

Remote control

Effortlessly manage lighting and on-board functions right from your smartphone. Thanks to the integrated Bluetooth system and dedicated app, complete control is just a tap away.

Efficient charging

Optimized charging for auxiliary and main batteries, extending lifespan and reducing energy consumption. Features a 96% energy conversion efficiency rate.

Integration with Solar Panels

Powered by MPPT (Maximum Power Point Tracking) technology, the charger continuously adjusts to extract peak solar energy, ensuring high-efficiency performance even in fluctuating light conditions.

New smart nodes

Smart energy management: seamlessly monitor and control power from the grid, solar panels, and alternator.

Smart and powerful

Delivering 350W peak power and drawing up to 60A from the alternator, the MEB-300 ensures rapid and secure auxiliary battery charging.

Multi-Source Energy Management

Smart, seamless integration of power from the AC grid, solar array, and vehicle alternator.

Innovation powers your fun.

Standard features of the Fiat Ducato X250 chassis

HORUS

Van time. Fun time!

You’re on your way to fun.

Start your next adventure with Horus. Do it your way, because there’s a Horus for every free spirit. Whether you prefer a compact, nimble layout or a spacious, versatile interior, you can choose the van that fits best your lifestyle from a lineup designed around you. Take the Horus 45, for example: with its modular, stacked rear double beds, it comfortably offers up to Oven berths in the sleeping area.

Seamlessly manage the lights directly from your smartphone and recharge the auxiliary batteries efficiently with the new MEB-300 smart system. Enjoy home-like comfort in every configuration, whether you choose double or twin beds. Plus, let the latest upgrades surprise you: from the front and side driver’s cabin blinds to the large 700x500 mm panoramic window, standard across the entire lineup.

Compact.
Complete.
Incredible.

COMFORT

Travel however you wish, sleep just like at home. Whether you prefer double or twin beds, enjoy hypoallergenic mattresses with removable, washable covers for ultimate freshness. Inside the cab, front and side driver's cabin blinds ensure total privacy. Plus the redesigned tables give you even more living space to share with whoever you choose.

TECHNOLOGY

Drive with total peace of mind thanks to Cruise Control, Traction Plus and Hill Start Assist, paired with the MEB-300 Smart Energy System for intelligent power management. In addition, rear parking sensors are included to help you maneuver with even greater safety and ease.

DESIGN

A refreshed interior design featuring contemporary accents, elegant curved elements and a brand-new kitchen countertop. The innovative suspended table structure maximizes legroom and is cleverly designed for outdoor use as well.

CONFIGURATIONS

Compact or spacious, Horus is built around your way of living on the road. With options for modular, twin or bunk beds, your comfort is guaranteed. If you need more space, Horus 54 and 38 transform the sleeping area into a large storage area. If you're traveling with a bigger crew, Horus 45 expands to accomodate up to 5 berths.

SLEEPING AREA

- Double bed (Horus 38 / Horus 54)
- Double superimposed bunk beds (Horus 45)
- Twin beds (Horus 95)

SARUS

Let your desire for adventure soar.

Modern, versatile, and accessible. With 6 fantastic models ready for you to explore.

Spread your wings of freedom and experience open-air living anywhere with Sarus. Whether you're a novice or an experienced outdoor enthusiast, find the perfect fit for you among 4 low-profile layouts and 2 overcab models. Drive carefree, enjoying premium Captain Chair seats, cruise control, and Traction Plus system with hill-start assist.

Sarus's simple, elegant interior is built to last: the XL-sized entry door is a new feature on select layouts, the kitchen has an ultra-durable worktops/countertops, and the drawers feature soft-close mechanisms to make you feel right at home. Just like the removable mattress covers and the standard front and side driver's cab blinds for the best night's sleep. More features to love: the standard MEB-300 Smart Energy System, soft-close cabinet doors, safer and more resistant garage pull handles, removable kitchen bin, and LED guide light.

SUPER BRIG & SAILER

Travel with the wind in your sails.

Luxury and a nautical feeling in both low profile and overcab versions.

Hit the road in style, just like on a classy boat. Super Brig and Sailer, available in overcab and low profile configurations respectively, impress with an exclusive and contemporary interior design. Plenty of technology on board, starting with the exclusive MEB-300 Smart Energy System with smartphone remote control and the compressor refrigerator, as well as a stronger, lighter body, the new XL-sized entry door on select models, battery compartments designed to hold up to two batteries or one large-format unit, the Vetroskin interior roof, and electrically controlled drop-down beds.

Don't compromise and choose among the many available configurations. The Suite model invites you to enjoy every moment, with its double dinette and a spacious kitchen featuring a combi-oven with grill and hob. Meanwhile, the Sailer 56 Plus greets you with the ultimate comfort, featuring a standard inverter and coffee machine. So many models, all waiting to be discovered, so you can always travel in style.

	Super Brig	Sailer
	4	5
Engine **Ford Transit**	from 6968 to 7308 mm	from 6958 to 7338 mm
Displacement **2,0 L**	from 4 to 5 / from 4 to 6	from 4 to 5 / from 2 to 5

Travel in style.

COMFORT

Flagship-level onboard comfort: beds with slatted bases, a spacious drop-down bed, hypoallergenic mattresses with removable covers and standard front and side driver's cabin blinds. Even the bathroom offers more with a solid shower door.

TECHNOLOGY

The exclusive MEB-300 system intelligently manages power and battery performance, all at your fingertips via smartphone. Rear bumper with integrated rear-view camera for maximum safety, even on the road.

DESIGN

A style inspired by the nautical world, featuring contemporary interiors with designer laminates, Vetroskin ceilings and exclusive finishes.

CONFIGURATIONS

Super Brig 677 TC with 4 berths. Super Brig Suite, Super Brig 687 TC and Sailer 87 Plus with a kitchen equipped with an oven and grill. Sailer 55 Plus with a face-to-face dinette. Sailer 56 Plus features a real living space with a rear L-shaped kitchen, inverter and coffee machine included.

SLEEPING AREA

- Transverse bed (Super Brig 687 TC / Super Brig 677 TC / Sailer 55 Plus / Sailer 87 Plus)
- Twin beds (Super Brig 695 TC / Sailer 95 Plus)
- Rear suite bed (Super Brig Suite)
- XL front drop-down bed (Sailer 56 Plus)
- Central bed (Sailer 69 Plus)
